

Hello May, Garden Friends! This month brings blooming jasmine and plenty of hands-on fun at the Garden. We've got creative activities designed to spark imagination and help kids connect with nature—all included with admission and free for members (while supplies last).

We also want to extend a heartfelt thank you to everyone who supported us during the Giving Challenge. Your generosity truly means so much to our small nonprofit and helps us continue creating a space where children can stay connected to nature.

As the weather warms up, we recommend bringing water and bug spray during your visit. It's always a great time to be outside—come enjoy the Garden with us!
